

MADE IN GERMANY

COLD WIRE FEEDER

CWF-1

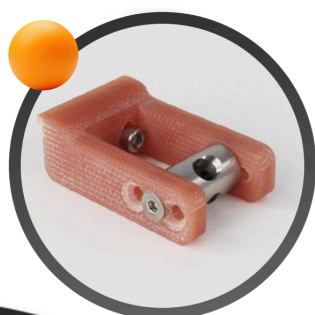

FEATURE

- Dustproof and durable case designed for demanding industrial applications.
- Features a 2-roll drive with HF-resistant insulated plastic gear wheels.
- Supplied with 0.6/0.8mm wire feed roll as standard.
- Equipped with a thick-walled Teflon cold wire feeder hose, easily attachable via a tool-free fast-click system.
- Operable in both horizontal and upright positions.
- Ensures straight wire feeding thanks to the lightweight wire spool design.

TECHNICAL DATA

- Compatible with 1 kg spool holder
- Dimensions: 215 x 250 x 115 mm
8.46 x 9.84 x 4.53 in
- Weight: 1,5 kg / 3.31 lbs

SCOPE OF APPLICATION

- Cold wire extension cable: 8 m / 26.25 ft
- Teflon-cold wire feeder hose: 2 m / 6.56 ft

OPTIONAL EQUIPMENT

- **Cold Wire Holder for Gas-Cooled TIG Torches:** Attaches under the ceramic nozzle with a copper wire outlet nozzle for precise wire feeding
- **Cold Wire Holder for Water-Cooled Systems:** Designed for use with 3-channel silicone hose packages, ensuring reliable wire feeding in demanding applications
